The judicial interpretation of this set Judge Wayan definee to be, that a vessel caught in such a trade is liabla to forfeiture, though before she has taken slaves on board, and that forfeiture was also incurred if slaves were carried as freight from one foreign port to another in the asme kingdom, or to any other country. The act also decurses it urlawful for any citizen or readant to sorve on board any United States vessel, amployed in the transportation of slaves from one country to another in the asme changed on the country to another in the asme kingdom, or to any other country to another in the asme kingdom, or to any other country to another in the asme kingdom, or to any other country to another in the asme kingdom, or to any other country. The act also decurse it urlawful for any citizen or readant to another the asme kingdom or the incitation of the country of the country of the country of the coun serve on board any United States vessel, amployed in the transportation of slaves from one country to another, under penulty of fins and imprisonment, and the same penulties are attached for being volustarily employed on board of a foreign vessel for the mane purpose. That is, an actual transportation of alaves is ust necessary to incur the penalties; it is onough that a vessel is bound for the coast of Africa, with the intent of taking claves on board, and that the person charged knew it and served voluntarily. The law also provides for the capture of slave-trading vessels and their forfelture for the benefit of the captor; precludes all interested from claiming any alave on board of a manages, or any retribution of any kind, and directe the officer making the seizure to deliver the capture of vessels and their forfelture for the benefit of the United States for procedution. When the attempt was made to evade the penulties of the vessel science, Congress met the artifice by declaring that all cuch persons should revarible the seizure no right to exercise his judgment in respect to the validity of each an excuse. The suprasse Court subsequently approved the decision of Judgs Bee of South Carolina, under this act, that

y person might seize tuch vessel for enforcement by the employment of the raval forces and provides for the pusishment of the raval forces and provides for the pusishment of the united the vessel serzed by the ard imprisonment.

\*\*Capulge Wayns, of the l'sited States Suprems Court, in his recent charge to the grand jury of the laderal C ruit Court in Savannah, gave an interesting history of the present laws against the African slave trade. He referred to the fitting out of the Wanders for a slave trade vergage, and that those eggaged in its execution, to the entire consumnation of their purpose, in the b. ate of Georgia, had not yet been brought to the bar of justice, and and fit there were persons not registered in the criminal calerdan of the Court, who have longht of a legal accomplished to the first purpose, in the S. ate of Georgia, had not yet been brought to the bar of justice, and and if there were persons not registered in the criminal calerdan of the Court, who have longht of a legal accomplished to the first purpose, in the S. ate of Georgia, had not yet been brought to the bar of justice, and and if there were persons not registered in the criminal calerdan of the Court, who have longht of a legal accomplished to the court of the propose of the court of the propose of the court of the propose of the propose of the court of the propose of the court, who have longht of a legal in the execution of the court of the propose of the history of our legisl
